**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steve Frank on 1/19/07.

The application has been amended as follows:

35. A method of fabricating a semiconductor structure, the method comprising the steps of:
- a. providing a semiconductor substrate;
  - b. providing on said substrate a graded semiconductor region incorporating a first type of strain; and
  - c. thermally processing the graded region so as to introduce a second type of strain, the previously incorporated first type of strain reducing the process-induced second type of strain.

***Allowable Subject Matter***

Claims 35, 39-40, 44-45 are allowed.

The following is an examiner's statement of reasons for allowance: The Examiner's amendment places the Application in condition for allowance. Claims 39-40, 44-45 act only to further narrow the allowable subject matter and are therefore also determined to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
